

Ukraine: Arable Land and It's Future Usage

Michael Smith

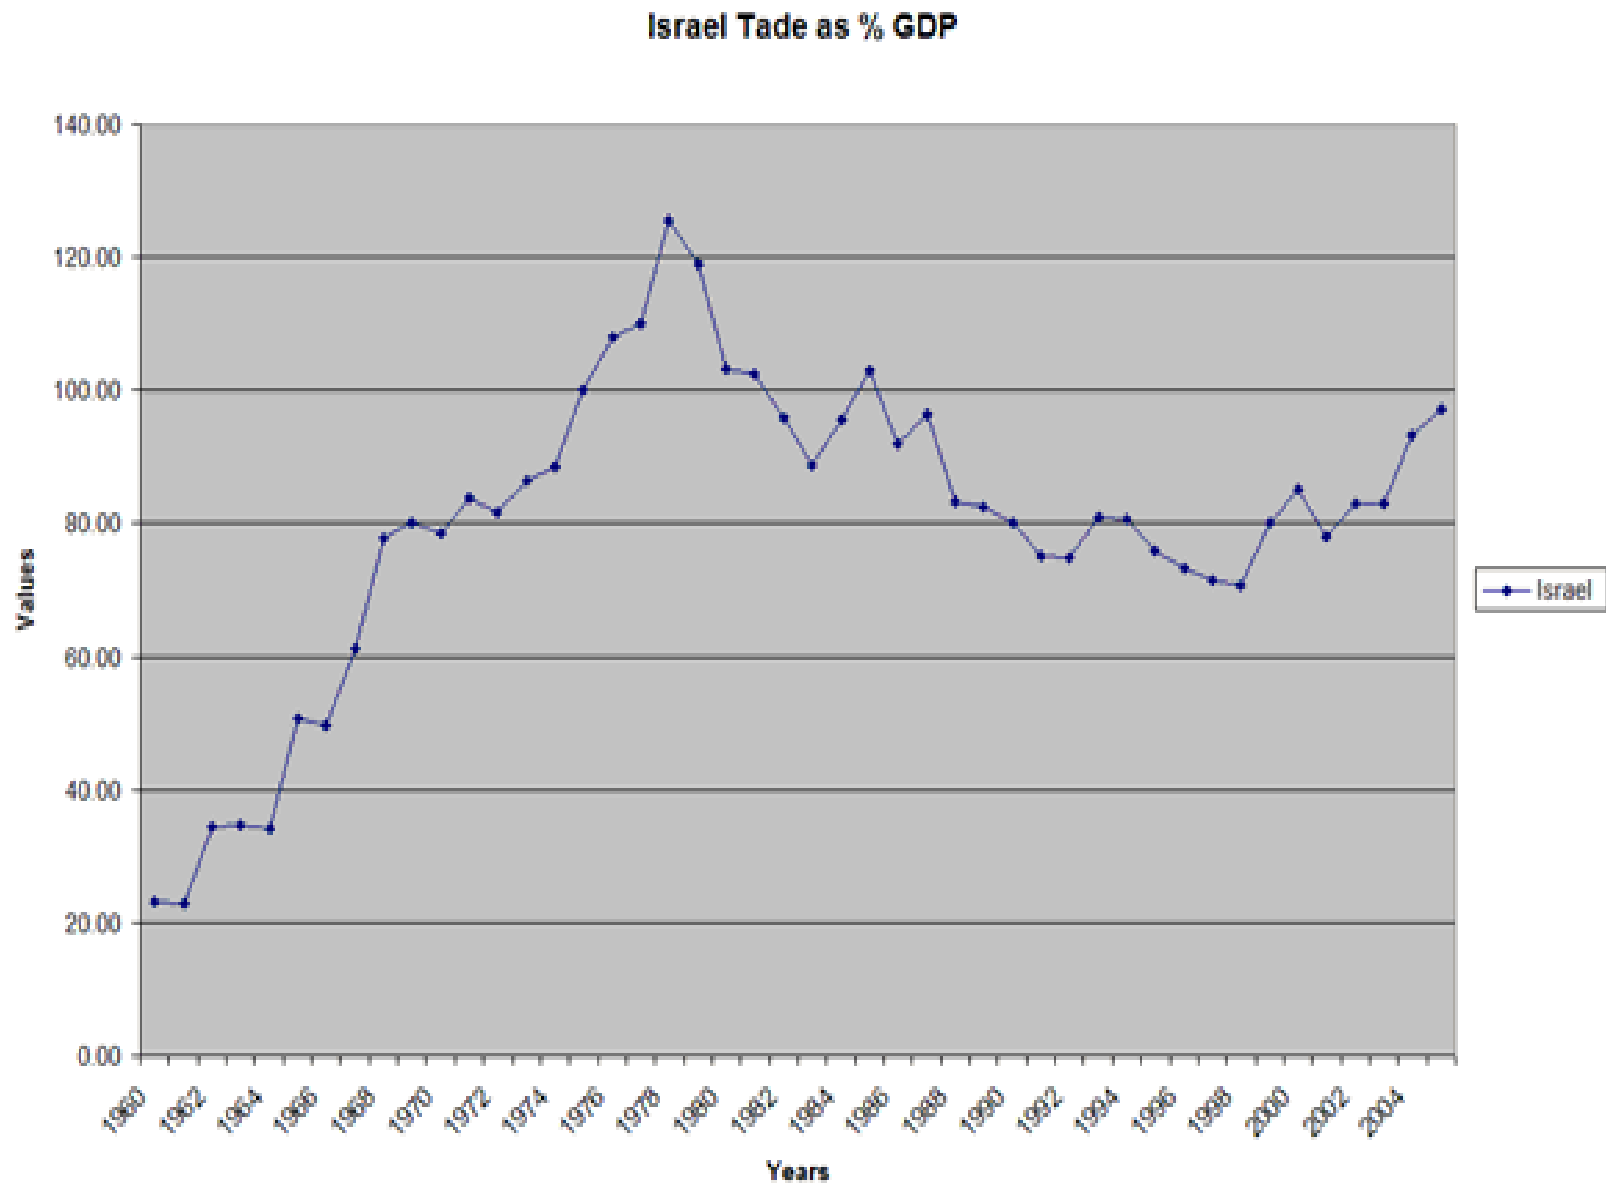

UKRAINE ARABLE LAND

Ukraine Arable land

- Between the years of 1992-2002 the arable land in Ukraine dropped steadily from 33400-32600 hectares of land
- As of the year 2000, the downward trend seems to be leveling out.

Israel GDP

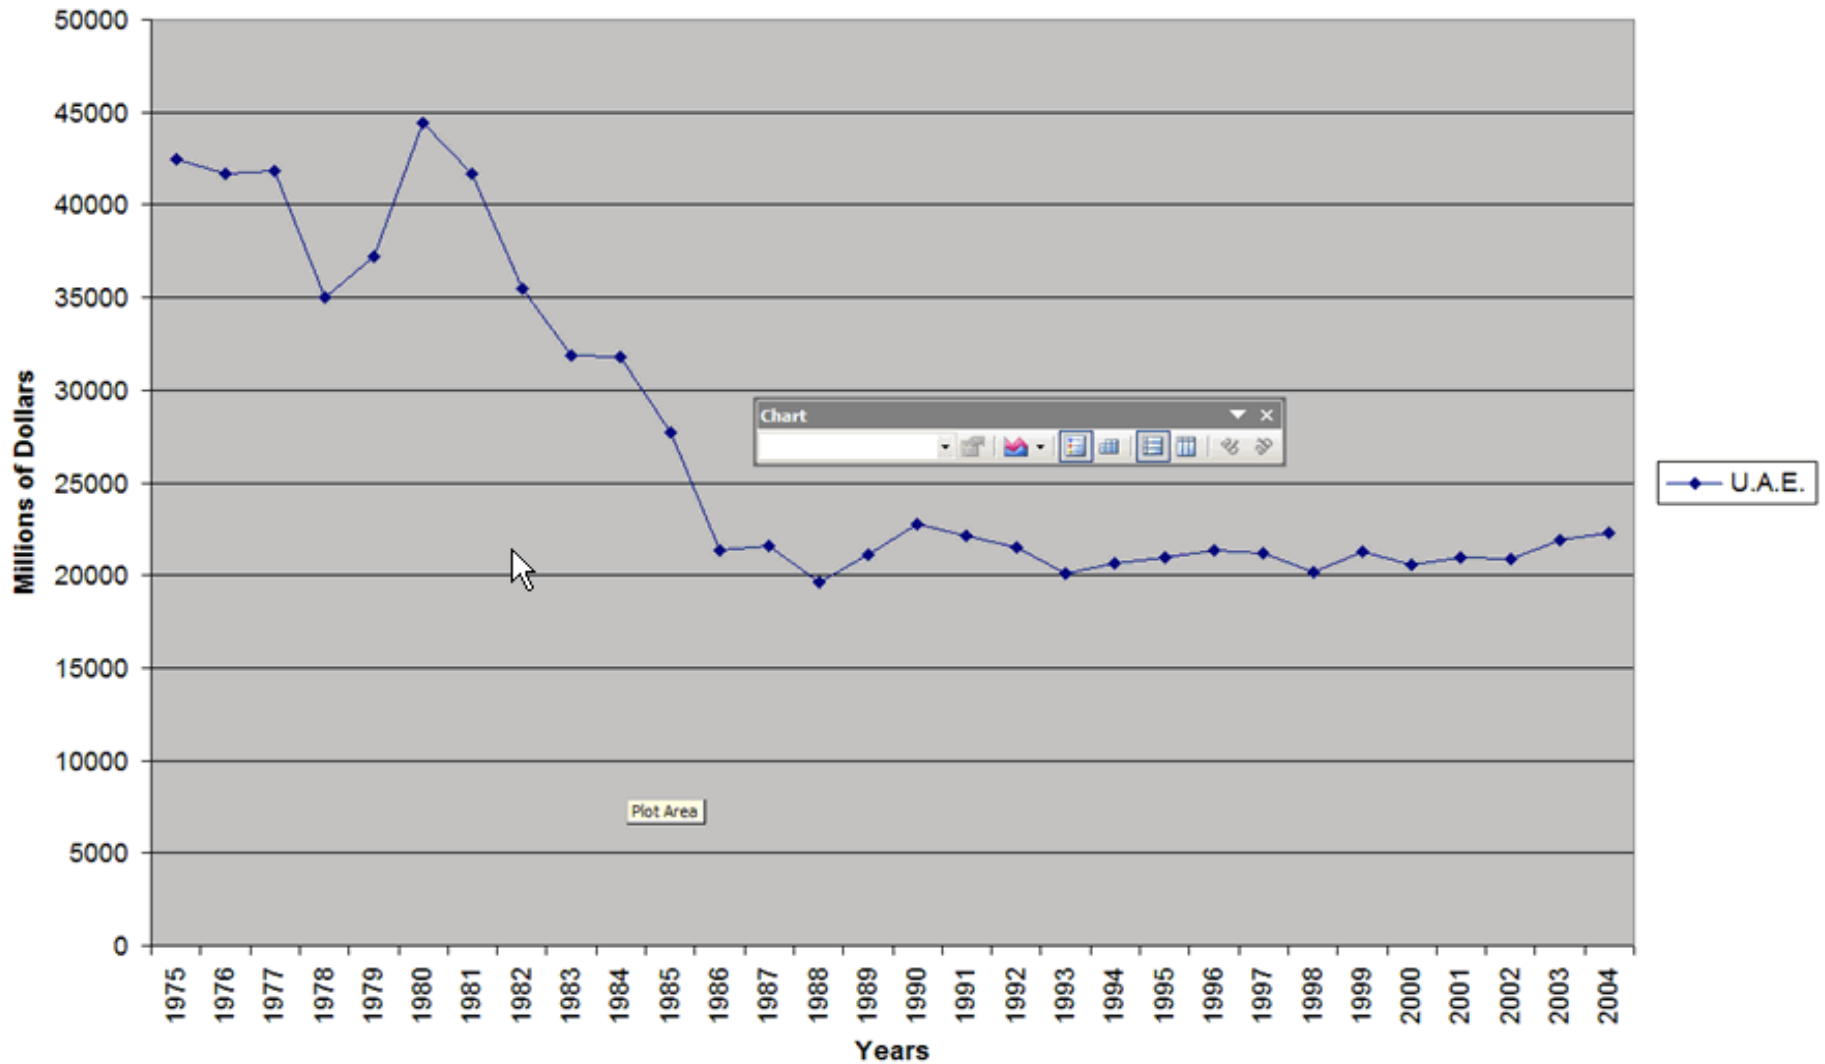

Israel GDP

- Fairly stable growth from 1960-80
- Slow decline from 1980-2000
- Small upswing in '84, '88,'03

U.A.E.

Annual GDP for U.A.E.

United Arab Emirates

- Big drop in GDP in 1988
- Major stabilization in '86-04 period
- Unstable structure in era prior to 1980, serious fluctuation
- First major drop in '77-'78, small upswing then big swoop downward
